

Dear Tim Stratford,

I am writing to you to formally confirm the testing performance of your product (**Pedestrian Barrier with Crash**), carried out at the Specialist Technical Services (UK) Limited's, here in known as STS-UK Group, facility at the below address:

STS-UK Group, Unit 4 Poole Hall Business Park, Poole Hall Road, Ellesmere Port, Cheshire, CH66 1UA United Kingdom.

The date of test was carried out on 7th April 2022 at the above address by STS-UK Group operatives.

The product tested was a **Pedestrian Barrier with Crash**. This test achieved an impact force of 14,400 joules whilst stopping the swing arm bogey penetrating through the barrier. In addition, no visible signs of damage was found on the concrete slab.

Kind regards

Andrew Gore *IEng InstMC*
